BACKGROUND INFORMATION

The Workforce Investment Board of Will County (Board) oversees and is the policy maker, in partnership with the Will County Executive, for workforce development programs in Will County. The Board makes decisions regarding the type and mix of workforce development services offered in Will County and the use of federal and state funds available for workforce activities.

The Workforce Innovation and Opportunity Act (Act) 2014, HR 803, <https://www.congress.gov/113/bills/hr803/BILLS-113hr803enr.pdf> establishes special eligibility requirements for youth served with funds made available under the Act. This request for proposals is for contracted services for WIOA eligible youth. For the purposes of this Request for Proposals the targeted population to be served is out-of-school youth from Will County that are between the ages of 17 and 24 years old and meet the Workforce Innovation and Opportunity Act eligibility criteria.

It is the purpose of the Act to establish programs that improve the long-term employability of youth, enhance the educational and occupational skills of youth, encourage school completion, increase the employment and earnings of youth, reduce welfare dependency, and assist youth in addressing problems that impair the ability of youth to make successful transitions from school to work, apprenticeship, the military, or post-secondary education and training.

Though the youth unemployment rate remains high nationally, many jobs requiring skill training go unfilled every year because employers can't find the talent they need. The overall goal of this program is to address the job specific skill gaps of youth in the Will County workforce. The Workforce Investment Board of Will County is committed to implementing programs that facilitate the learning of both soft skills and job specific skills and produce a qualified work-ready candidate for local employers.

To be considered for funding, providers must place an emphasis on achieving success in occupational skill training which leads to credential attainment and improving the employment success of youth enrolled in the program. Occupational skill training must focus on the demands of local employers, especially in high-growth industries and occupations.

The U.S. Department of Labor has additional information on youth programs at: www.doleta.gov/youth_services/.

YOUTH PROGRAM OVERVIEW

This Request for Proposals (RFP) is designed to solicit bids for a Sub-Recipient to implement the Occupational Skill Training youth programs under Title I of the Workforce Innovation and Opportunity Act for youth activities. All components of this program must be offered year-round on an open-entry open-exit basis.

It is understood that eligibility determination, as well as approval of other components administered by the Sub-Recipient, for the youth program is the responsibility of the Workforce Services Division of Will County (WSD). WSD may require onsite space to oversee these components. Proposals should include space consideration.

Proposers should submit proposals that include an Occupational Skill Training program for out-of-school youth between the ages of 17 and 24 years old who are Will County residents and meet WIOA eligibility.

All youth enrolled in Workforce Innovation Opportunity Act (WIOA) programs are required to attend work readiness/leadership training. Additional requirements, including the National Career Readiness Certification (NCRC) assessment, may be required.

The overall goal of the work readiness program is to address the skill gaps related to "soft skills" in the Will County workforce. The Workforce Investment Board of Will County is committed to implementing programs that facilitate the learning of soft skills and produce a recognized work-readiness credential for participants.

Youth participating in these programs may need additional support to ensure that they are successful in completing the program and becoming gainfully employed. Supportive services may be provided to youth as needed. In addition, the Sub-Recipient will be required to conduct a student orientation prior to the start of occupational training. The orientation must include:

1. Guidelines - criteria for participating in the program;
2. Program overview;
3. Career Exploration; and
4. Making arrangements for the class - Transportation, Childcare, etc.

It is intended that this program will be based on a foundation of strict guidelines that result in a highly structured program that promotes the success of the enrolled individuals.

TARGET GROUPS - ELIGIBILITY

Individuals eligible for services under the Youth Title for LWIA 10 - Will County must be Will County residents; not attending any school (as defined under State law); and not younger than age 17 or older than age 24 at time of eligibility determination. Eligibility under WIOA is further defined at: <https://apps.il-work-net.com/WIOAPolicy/Policy/Index?id=123>

OCCUPATIONAL SKILL TRAINING

The Occupational Skill Training program should be an innovative out-of-school youth program that increases the attainment of occupation specific skills and employment of participants in the program. This program must include a strong career awareness component and the attainment of the National Career Readiness Certification (NCRC) prior to enrollment in occupational skill training.

Additional requirements for youth to be eligible for this program is that they must have received a high school diploma or GED/HiSET.

The model proposed must include the following components to be performed by the Sub-Recipient:

1. **Marketing and Recruitment.** Strong marketing and recruitment efforts to ensure that a broad cross-section of out-of-school youth are enrolled in the program. The recruitment efforts must include specific targeting to the Northern (Bolingbrook/Romeoville), Eastern (Crete/Monee/University Park), and Central (Joliet) parts of Will County. Partnerships with local High Schools will be a mandatory component of this program. **Proposals must include a strategy to develop a partnership with at least one High School district in each of the three parts of Will County identified above.**
2. **Assessment.** All youth must be assessed for basic skills in reading and math using an assessment approved by WSD. All participants must score at a level or higher as determined by WSD in Reading and Math to be enrolled.
3. **Career Exploration.** This program is intended to focus on high growth-high demand occupations. The Workforce Investment Board has identified the demand occupations that provide the best opportunities for employment. All youth enrolled in these programs will have the opportunity to select one of these occupations for training. In an effort to ensure that there is a good match between the youth's interests and the occupational training, a formal career exploration component is required.
4. **Occupational Training.** Out-of-school youth enrolled in this program will be enrolled in post-secondary occupational training in preparation for an occupation within the identified demand occupations. It is required that the occupational training result in and industry recognized credential. All occupational training must be in programs that are currently approved on the Illinois WIOA Training Provider List as referenced in 3 above.
5. **Case Management/Support Services.** A key component for the success of this program will be strong case management and supportive services to the participants. Supportive service and program incentive strategies must be detailed in the proposal and budget.
6. **Work Experience/Employment.** The goal for all youth who participate in this program is attainment of employment in their desired field of interest. Paid work experience and work-based learning opportunities related to the student's area of study are a required part of the program and must be included in the program proposal. The inclusion of an employer liaison will be required of the Sub-Recipient for this program. Proposals should include a budget line item for paid work experience and/or internships. Further, Sub-Recipient must demonstrate that they have the capacity to be the 'employer of record' for said work experiences.
7. **Follow-up Services.** A requirement of the Workforce Innovation and Opportunity Act is that participants are followed for a period of one year after exit. The Sub-Recipient will be required to ensure that the youth maintain employment or are provided additional supports to get re-employed in this critical first year after exiting the program.

WORK READINESS

At a minimum the work readiness training component must include content areas which tie directly to the WorkKeys® NCRC assessment as well as three standard behaviors that must be incorporated into all aspects of the program:

1) Importance of good attendance; 2) Appropriate grooming for a work environment; and 3) Interpersonal skills on the job. This portion of this component of the program should also be enhanced with additional relevant leadership topics.

No prescribed curriculum is required, and the Workforce Investment Board does not endorse or give preferred consideration to any product. There are several off-the-shelf products that can be incorporated into this component.

It is expected that the Work Readiness component will be offered year-round in an open-entry/open-exit fashion for youth participants. Youth will cycle through modules of the component as required by their Individual Service Strategy (ISS) and the recommendations of their Youth Advisor. This component should be offered in a combination of both classroom and on-line settings depending on the needs of the participants.

WIOA REQUIRED YOUTH PROGRAM ELEMENTS

WIOA Section 129(c)(2) states that local programs must make each of the required program elements available to all youth participants. The Sub-Recipient must ensure that the WIOA required Program Elements are available to all youth participants, and complete the chart in Attachment 11 to document the provision of each element. A sub-Recipient who does not provide all elements must link with other organizations that can provide the appropriate services for an individual youth.

Required Youth Program Elements

Tutoring, study skills training, instruction, and evidence-based dropout prevention and recovery strategies that lead to completion of the requirements for a secondary school diploma or its recognized equivalent (including a recognized certificate of attendance or similar document for individuals with disabilities) or for a recognized postsecondary credential;

PERFORMANCE MEASURES

WIOA includes a set of performance measures that are federally mandated and used to determine the effectiveness of programs. All Sub-Recipient s are expected to ensure that the local workforce area is successful in meeting or exceeding these performance measures, **including the 20% work-based learning component**. Other negotiated performance benchmarks may be implemented during contract negotiations. Monthly performance progress reports will also be required.

The current youth negotiated goals are listed below, and subject to change:

Performance Measure	PY22/PY23 Performance Goal
Youth	
• Education/Employment Rate 2 nd Quarter after Exit	67%
• Education/Employment Rate 4 th Quarter after Exit	71%
• Median Earnings 2 nd Quarter after Exit	\$4,250
• Credential Attainment within 4 th Quarter after Exit	60%
• Measurable Skill Gains	42%

The Sub-Recipient selected for the implementation of this program will be required to put forth a model designed for the unique needs of out-of-school youth that incorporates all program components outlined above. It is important to

remember that the main customers of this program are the employers in the County. This is not a program whose success is based solely on the number of students who enroll in occupational training, certification or degree, or the grades of the students. The ultimate success of the program is based on how many students obtain employment in training related jobs and how they perform in the job after completion of the program.

ELIGIBLE APPLICANTS

All types of entities are eligible to submit proposals, including public, not-for-profit, and for-profit organizations. The applicant must be able to demonstrate previous experience, the ability to provide an occupational training program which includes work-based learning opportunities, and the capacity to serve as the employer of record. All applicant organizations must have been a legal organization for a minimum of one year prior to the start of the Contract.

The procurement of proposals is being undertaken in compliance with the federal guidelines set forth in the "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards Final Rule" (also known as the Super-circular or Omni-circular). The Sub-Recipient selected under this RFP must follow the guidelines set forth in this circular. This final guidance supersedes requirements from OMB Circulars A-21, A-87, A-110, and A-122; Circulars A-89, A-102, and A-133, and the guidance in Circular 1-50 on Since Audit Act Follow-up. This final guidance is located in Title 2 of the Code of Federal Regulations. This link provides additional information on this guidance: <https://www.federalregister.gov/articles/2013/12/26/2013-30465/uniform-administrative-requirements-cost-principles-and-audit-requirements-for-federal-awards#h-33>.

The Workforce Investment Board of Will County reserves the right to award grant funds to proposers as they deem to be in the best interest of the residents and employers of Will County.

CONTRACT, AWARD NOTIFICATION AND FUNDING

The Workforce Investment Board of Will County anticipates negotiating contracts in May of 2024 and making awards in June of 2024. As part of the negotiation process, grantees/sub-recipients may be required to provide supplementary information and participate in a planning process that addresses issues such as reporting requirements, standard contractual requirements, additional contract requirements, etc. Standard contract provisions are provided in the Contract Requirement section of this request for proposals.

Applicants must be prepared to deploy services immediately following the award of a contract/grant. Grant awards will be made for up to an initial 12-month period with the possibility of being extended for up to two additional years depending upon the availability of funds, the Sub-Recipient's performance, and the needs of the workforce area.

A portion of the WIOA Youth Program allocation will be used to accomplish the purpose of this RFP, not to exceed \$1,300,000. Please note this amount could change depending on the PY24 allocations, which the Board may or may not have by the time a recommendation is made/contract is executed with the chosen Sub-Recipient and is also dependent on new fiscal year funding levels.
